

WTO Top Ranked by Law360 for Pro Bono and Social Impact

News

Nov 21, 2025

We share commitments to pro bono and to maintaining a unifying culture, and those commitments make us a stronger firm. Law360 recognized our results with top rankings among similarly sized law firms in their annual "Social Impact Leader" rankings.

We placed #4 for pro bono among 55 firms with 101 to 250 attorneys, based on how many of our lawyers take on pro bono matters and how much time they invest in pro bono. In the overall Social Impact category, we are #7 in our size division, based on factors including employee engagement, responsible business practices, and inclusiveness.
