

WTO Repeats on National List of Top 20 Trial Firms

News

Oct 29, 2026

For the second year in a row, our firm has been named to *Benchmark Litigation's* list of the nation's top 20 trial firms, based on our success and feedback from clients and peers. Roughly half the firm's partners were recognized as Litigation Stars or Rising Stars.

"At our core, we are trial lawyers," said Managing Partner Mike Williams, "which helps us win our clients' most challenging, high-exposure matters. That, and our well-known track record, help our clients achieve speedier, more favorable business resolutions. We appreciate this recognition from *Benchmark Litigation*."

In addition to the top trial ranking, we are ranked in the top tier for Nationwide Product Liability and for Colorado Dispute Resolution.

The individual lawyers ranked are:
